Comment : We would like to let you know that we are very satisfy with the new XinLu crack sealing product. XinLu crack sealing tape has easy our road maintenance activity for crack sealing. Instead of purchasing an equipment and wasting time melting the bitumen and cleaning it up afterward, we can now seal the crack and open the road to traffic almost instantly. Not only it reduces our operating cost, but also increase in productivity. XinLu crack sealing tape is the way forward.

Once again thank you for your feedback and comments.

Your Sincerely
